

jurisdictions, such as courts; or separate means by which the State meets particular program requirements, e.g., collection of support for non-IV-A cases.

(d) *Alternative system configuration* means an alternative to a comprehensive computerized support enforcement system. It includes a base system with electronic linkages to an alternative system(s), which is not part of the State's computerized support enforcement project (i.e., not the State's sole system effort), but which is necessary to meet the functional requirements of the statewide, comprehensive computerized support enforcement system under § 307.10, or § 307.11.

(e) *Base system* means the hardware, operational software, applications software and electronic linkages in an alternative system configuration which allow the State to monitor, account for and control all support enforcement services and activities under the State plan.

(f) *Certification* means approval of an operational computerized support enforcement system based on a determination that the system has an efficient and effective design and is comprehensive, except where a waiver applies.

(g) *Comprehensive* means that a computerized support enforcement system meets the requirements prescribed in § 307.10, or § 307.11 of this part, as further defined in the OCSE guideline entitled "Automated Systems for Child Support Enforcement: A Guide for States."

(h) *Computerized support enforcement system* means a comprehensive, statewide system or an alternative system configuration which encompasses all political subdivisions within the State and which effectively and efficiently;

(1) Introduces, processes, accounts for and monitors data used by the Child Support Enforcement program in carrying out activities under the State plan; and

(2) Produces utilization and management information about support enforcement services as required by the State IV-D agency and Federal government for program administration and audit purposes.

(i) *Planning* means: (1) The preliminary project activity to determine the requirements necessitating the project, the activities to be undertaken, and the resources required to complete the project;

(2) The preparation of an APD;

(3) The preparation of a detailed project plan describing when and how the computer system will be designed or transferred and adapted; and

(4) The preparation of a detailed implementation plan describing specific training, testing, and conversion plans to install the computer system.

(j) The following terms are defined at 45 CFR part 95, subpart F, in § 95.605:

"Advance Planning Document";

"Annually Updated APD";

"Design" or "System Design";

"Development";

"Enhancement";

"Implementation Advance Planning Document";

§ 307.5 Mandatory computerized support enforcement systems.

(a) *Basic requirement.* (1) By October 1, 1997, each State must have in effect an operational computerized support enforcement system, which meets Federal requirements under § 302.85(a)(1) of this chapter. OCSE will review each system to certify that these requirements are met; and

(2) By October 1, 2000, each State must have in effect an operational computerized support enforcement system, which meets Federal requirements under § 302.85(a)(2) of this chapter. OCSE will review each system to certify that these requirements are met.

(b) *Waiver option.* A State may apply for a waiver of any functional requirement in § 307.10, or § 307.11 by presenting

§ 307.10

45 CFR Ch. III (10–1–15 Edition)

a plan for an alternative system configuration, or a waiver of any conditions for APD approval in § 307.15(b) by presenting an alternative approach. Waiver requests must be submitted and approved as part of the State's APD or APD update.

(c) *Conditions for waiver.* The Secretary may grant a State a waiver if:

(1) The State demonstrates that it has an alternative approach to the APD requirements or an alternative system configuration that enables the State, in accordance with part 305 of this chapter, to be in substantial compliance with the other requirements of this chapter; and either:

(2) The waiver request meets the criteria set forth in section 1115(c) (1), (2) and (3) of the Act; or

(3) The State provides written assurance that steps will be taken to otherwise improve the State's Child Support Enforcement program.

(d) *APD submittal requirements for alternative system configuration.* APDs submitted by States which include requests for waiver for an alternative system configuration must, in addition to meeting conditions of § 307.15(b):

(1) Describe the State's base system;

(2) Include a detailed description of the separate automated or manual processes the State plans to use and how they will interface with the base system;

(3) Provide documentation that the alternative system configuration will enable the State to be in substantial compliance with title IV-D of the Act in accordance with section 403(h) of the Act and implementing regulations. In addition, if the State is subject to a Notice under § 305.99 of this part that it did not substantially comply with one or more of the requirements of title IV-D of the Act, at the time a waiver request is submitted, the State must:

(i) Demonstrate that the deficiency is not related to or caused by the performance of the system; or

(ii) Specify the corrective action taken to modify the system if the system contributed to the deficiency.

(e) *APD submittal requirements for alternative approach.* APDs submitted by States which include requests for waiver of conditions for APD approval in § 307.15(b) must demonstrate why meet-

ing the conditions is unnecessary or inappropriate.

(f) *Review of waiver requests.* (1) The Office will review waiver requests to assure that all necessary information is provided, that all processes provide for effective and efficient program operation, and that the conditions for waiver in paragraph (d) of this section are met.

(2) When a waiver is approved, it becomes part of the State's approved APD. A waiver is subject to the APD suspension provisions in § 307.40.

(3) When a waiver is disapproved, the APD will be disapproved. The APD disapproval is a final administrative decision and is not subject to administrative appeal.

(g) *FFP limitations.* (1) The provisions of §§ 307.30 and 307.35 apply to requests for FFP for costs of computerized support enforcement systems.

(2) FFP for alternative system configurations is further limited as follows:

(i) FFP is available at the enhanced matching rate for development of the base system and for hardware, operational system software, and electronic linkages with the separate components of an alternative system configuration.

(ii) FFP is available at the applicable matching rate for minor alterations to the separate automated or manual processes that are part of an alternative system configuration and for operating costs including hardware, operational software and applications software of a computerized support enforcement system.

(iii) FFP is not available for developing new systems or making major changes and enhancements to separate automated or manual processes so that alternative system configurations meet conditions for waiver.
